Housepoints scoreboard

VICTORIA	8325 points
RUAHA	6609 points
KILIMANJARO	6135 points
ULUGURU	4999 points

Student achievement: The French language Eiffel Tower winners for May were awarded for effort more than achievement. Well done to: **Faiz** (Year 7), **Taher** (Year 8), **El Gift** (Year 9), and **Ilham** (Year 10). In Friday's Primary School assembly which reflected on last month's Outdoor School, certificates were presented to Year 6 pupils, **Eunike, Zainab, Rahma, Marukh** and **William**, the only 5 pupils to have attended Outdoor School for each of the 3 years it has been offered

Year 10s visit EMFERD in Mvomero

Community service has always been a very important part of what we do at Morogoro International School as can be seen from our recent visit to Hekima Day Care Centre as part of Outdoor School. For the past three years or so we have helped EMFERD, a small orphanage for disabled children by raising funds to help with various improvements to their humble campus in Morogoro and by sending some of our own students to go and spend time caring for these children, some of whom have very serious disabilities. The School Council have been raising more money to buy beds for the home. TSh350,000/= has been raised which will buy two metal bunks to be delivered today. Last Thursday our year 10 students took time out from their exam preparations to visit EMFERD. Mrs Singh, our School Council coordinator organised a trip to visit a second home at Emmaus Hill House in Mvomero. All the year 10 students went on the trip

which included hiking for two and a half hours to reach their destination. They showed great enthusiasm including the eight students who were

MIS students distribute sweets to the children of EMFERD.

fasting for Ramadan. After a brief introduction from the founder of the home, Josephine Bakhita, Edson spoke a few words in general appreciation of the relationship that exists between EMFERD and MIS, thanking Mama Bakhita for providing work experience for our students every year. Afterwards, all the MIS students interacted with the kids of EMFERD, playing small games and singing

songs. Some of our students were so overwhelmed by the experience that they wanted to make their own personal donations. Abdallah and Ismail gave sweets to the children; Samaher donated Tsh 50,000/= and others made smaller donations. Mama Bakhita said that she would use this money to buy pillows and bedsheets. On the way back to school, the 21 MIS students stopped off for lunch at Red Chilli before returning to MIS at 2.25 p.m. It seems that this was a valuable experience for our Year 10 students as it provided some perspective in their lives as they feel the stress of preparing for end of year examinations. Hopefully they will all feel even more inspired in their fundraising efforts to help those less fortunate than themselves. Thank you to Mrs Singh for leading this great effort with the School Council and to Mr Nyagwaya who accompanied Year 10s on the trip and to Abdallah who drove the bus as far as he could!

World Cup fever grips MIS

The World Cup in Russia kicks off in just 10 days time, and MIS is certainly getting into the spirit. Last week the 4-a-side banda football World Cup kicked off and every lunch time a crowd was drawn to the big banda to watch some great soccer skills and some seriously competitive play. There will be a round up of the first two weeks' action in next week's Moro Times. Yesterday, the second MIS soccer pentathlon took place on the main field. There were 6 teams who competed in 5 different events to test different skills. Round 1 was all about dribbling skills as all team members participated in a relay to manoeuvre the football through an obstacle course of 6 chairs. Next it was keepie-uppie with two team members seeing how long they could pass the ball to each other

without it touching the ground. Uvuvwe proved the most adept at this with David and Edson managing nine passes in total, thus beating Mr Green's and Mr Street's score by...er...8! Next came the test of shooting accuracy with the crossbar challenge. Of 34 attempts, only 2 hit their target of the crossbar. Well done to Orville and Tino. We then moved on to the 15 seconds shoot-out which tested ability to score on a one-on-one situation. It also tested goalkeeping skills and well done to Eunike for being brave enough to go in goal for the entire girls' competition. In the boys' competition, the eponymously named team of Tunji raced ahead with 43 points scored by the captain, himself, Tunji. This meant that his team were now in the lead going into the deciding small-sided matches. A goal from Marga-

ret sealed a 1-0 victory against Manchester Divided and so the pack of Chocolate Digestives donated by Mrs Green went to Tunji and his 5 team mates. Final result:

1st: TUNJI 67 points.

2nd: MANCHESTER DIVIDED 65 pts.

3rd: GOATS 53 pts.

4th: UVUVWE 42 pts.

5th: BATIAN 33 pts.

6th UEFA LONER 28 pts.

...And finally... Look out for a World Cup predictions competition coming up later this week. TSh2,000/= to enter. Half the money collected is prize money. The other half goes to EMFERD.
